The Getting Started Guide To:

DIGISTORE
TE PATAKA MATIHIKO

Building and Sharing Learning Paths

A learning path allows teachers to integrate related items of digital content with learning tasks for students.

1: Use the **Browse** and **Search** functions within *Digistore* to locate desired content.

2: Select digital content

Select desired digital content from search results by selecting the **'add to my learning paths'** tab located below the screen shot of the item.

As more item(s) are chosen, the Add item(s) list updates to show how many you have selected.

Select **Add comments** to add further annotations. The comments will appear in a box under the description of the digital resource.

🔲 **Ultimate reader's toolkit: fiction: level 1**

English | Years 7,8 | Published 11/02/2010 | TLF-ID L7945
Create your own mentor and customise a reader's toolkit. Choose literary texts, such as 'The Silver Donkey' and 'Bumface', to demonstrate your ability to use the following reading tools: predicting, visualising and summarising. Read an extract from a book of your choice and view its front and back covers to find information to support the use of a reading tool. Add each successfully used tool to your toolkit. This learning object is one in a series of six objects.

👁 View details 🔲 View content   🔲 Add comment ✏ Edit ✗ Delete

**7: Save** each time you edit a description or add a comment.

8: Sharing your learning path

Digistore generates a unique PIN for every learning path that is created. This capability simplifies the sharing process as it mitigates the need for username and passwords.

To share a learning path with your students, so that no PIN or username and password is required.

i)   Login and select from **My learning path** folder the learning path that you wish to share

ii) Select **Edit**

iii) Copy the URL

Edit learning path   ✏ Edit details ✗ Delete ✉ Email ↗ Export 📄 PDF 🗎 Share

Title: kljasd
Description: skjdlkasjd
PIN number: CWGVNL
URL: http://digistore.tki.org.nz/ec/pin/CWGVNL?userid=3027

iv) Use this URL to navigate the students directly to the chosen learning path.

Further options for the sharing of learning paths include emailing, saving as a pdf and sharing to the public gallery. For further details about learning paths and Learning Management Systems please visit: http://digistore.wikispaces.com/Learning+Paths
